

Feel it twice by camila cabello

(Oh)

Oh, I'm scared if I look in your eyes, I might see your soul
I know love is the loneliest place when you fall alone
Sitting by the phone, holding onto hope
Spending all night wondering why you let me go (you let me go)
I wish you had felt how you're feeling two years ago
Oh, no

Hurts me to hurt you, baby
Lying awake and everything has changed
Keeping our distance lately
Kills me to kill you when I tell you
That I felt it once, I can't feel it twice
It's more than I can take, baby
Hurts me to tell you I don't feel the same

I can feel you still staring when I look away
Can't imagine the pain that you feel when I kiss his face
That's when you said
"How can I be your friend when I know the way you taste?"
It's almost 2AM and I can't ask you to stay
I don't know what's worse, getting broken or making it break
Oh

Hurts me to hurt you, baby
Lying awake and everything has changed
Keeping our distance lately
Kills me to kill you when I tell you
That I felt it once, I can't feel it twice
It's more than I can take, baby
Hurts me to tell you I don't feel the same
Hurts me to hurt you, babe

Feels like there's nothing I can say
Hurts me to hurt you, babe
Kills me I have to walk away
'Cause I felt it once, I can't feel it twice
It's more than I can take, baby
Hurts me to tell you I don't feel the same

(The same)
(Oh, the same)
(Oh, the same)
(Oh no, oh no)
(The same, oh)
(Oh, oh)
(Oh, oh, oh)
