

Living proof by camila cabello

Ooh

Tell me something, but say it with your hands slow  
When you touch me, paint me like a Van Gogh  
I wanna study every inch of you  
'Til you trust me to make the angels come through

Like a choir singing, "Hallelujah"  
When my body's crashin' right into ya  
When we align, ooh yeah  
Do you feel me?  
Can you feel me?  
'Cause I can't breathe

Where did you come from, baby?  
And were you sent to save me? Ooh  
There's God in every move, ooh  
And you're the living proof (oh)  
The way your hands can't shake me  
Soft to the touch like baby, ooh  
There's God in every move, ooh  
And you're the living proof (oh)

Countin' freckles, as they run down your spine  
Show your demons, and I might show you mine  
One at a time, yeah, yeah  
What are you hidin'? What a design, yeah, yeah  
I wanna dive in, what a divine moment  
Can you feel me? Can you feel me? (Oh)  
'Cause I can't breathe

Where did you come from, baby?

And were you sent to save me? Ooh  
There's God in every move, ooh  
And you're the living proof (oh)  
The way your hands can't shake me  
Soft to the touch like baby, ooh  
There's God in every move, ooh  
And you're the living proof (oh)

Like a choir singing, "Hallelujah"  
Ooh yeah, choir singing, "Hallelujah"  
Like a choir singing, "Hallelujah"  
Hallelujah, hallelujah  
Choir singing, "Hallelujah"  
Body's crashin' right into you, oh  
Do you feel me? Can you feel me?  
'Cause I can't breathe

Where did you come from, baby?  
And were you sent to save me? Ooh  
There's God in every move, ooh  
And you're the living proof (oh)  
The way your hands can't shake me  
Soft to the touch like baby, ooh  
There's God in every move, ooh  
And you're the living proof (oh)

Like a choir singing, "Hallelujah" (baby)  
Ooh yeah, choir singing, "Hallelujah" (baby)  
Like a choir singing, "Hallelujah" (ooh)  
Hallelujah  
And you're the living proof (oh)
